

### What is Pathfinder KiwiSaver?

The Pathfinder KiwiSaver Plan (Pathfinder KiwiSaver) is an ethical investment. This means that we consider environmental, social and governance matters when investing. We do this to be consistent with our mission to grow individual wealth and collective well-being and because we believe companies that are more ethical make better long-term investments.

Pathfinder KiwiSaver Plan has three Funds which are managed by us. The Funds pool the money of investors within each Fund and invest in assets (such as shares, bonds, and bank deposits) on behalf of those investors. Each Fund actively invests in and manages a different combination of assets, which varies the level of risk and potential return of each Fund. This means you can select a Fund into which your contributions will be placed to suit your risk profile and investment goals.

### Investing Ethically

**Firstly, avoid harm:** to people, planet and animals. We do this via our exclusions and exceptions process when selecting and monitoring investments.

**Next, we aim to do good.** We consider Environmental, Social and Governance (ESG) data and tilt our portfolio towards positive investment themes (such as Renewable Energy, Water & Community Housing). We're particularly seeking companies that meet our financial investment criteria alongside our ESG focus and sustainable themes. We're a signatory to the UN Principles of Responsible Investment and aspire for our investment decisions to contribute to the UN's Sustainable Development Goals.

**Climate Change.** We believe climate change is a significant threat to our communities and ecosystems and encourage companies to transition to a lower carbon world. We strive for our investment decisions to drive down the overall emission profile of our fund portfolio.

Please refer to our **Ethical Investment Policy** for more details.
