

Investing for strong returns and a *better future.*

Welcome to Pathfinder KiwiSaver. Congratulations on starting your KiwiSaver journey. Whether you're saving for a first home or preparing for your retirement, KiwiSaver can be a vital tool to get you there in good shape.

We're happy to have you on board with us as we continue delivering our aim of creating great investment returns, ethically. One of our experienced team members will be in touch to check you are in the right fund and answer any questions you may have. (If you are new to KiwiSaver, it usually takes two months for the IRD to send your funds to us, so sit tight and we'll contact you ASAP!)

Just because your employer has chosen Pathfinder as their chosen plan doesn't mean you don't get a choice. You can change out of the Pathfinder KiwiSaver Plan whenever you feel like it, by contacting another provider and requesting a switch.

For now, have a read through the [Pathfinder website](#) and feel free to get in contact if you have any questions by emailing us on info@pathfinder.kiwi.

Things to note...

- Please fully complete the KS2 form provided by your employer.
- This [short form](#) will help us to process your application as efficiently as possible.
- Visit our website where you can take a quiz to find out which fund is right for you (we'll place your KiwiSaver in the Balanced Fund if you aren't ready to decide straight away).
