Investing Ethically

First, we avoid harm.

We avoid investments that disrespect people, our planet and animals.

Next, we aim to do good.

We consider Environmental, Social and Governance (ESG) data and tilt our portfolio towards positive investment themes (such as Renewable Energy, Water & Community Housing). We're particularly seeking companies that meet our financial investment criteria alongside our ESG focus and sustainable themes. We're a signatory to the UN Principles of Responsible Investment and aspire for our investment decisions to contribute to the UN's Sustainable Development Goals.

Climate Change

We believe climate change is a significant threat to our communities and ecosystems and encourage companies to transition to a lower carbon world. We strive for our investment decisions to drive down the overall emission profile of our fund portfolio.

Please refer to our Ethical Investment Policy for more details.
